VIDEO EDITOR

JOB POSTING

The ideal candidate is a hard-working team player who will play a critical role in editing video content to be posted weekly on social media platforms.

Responsibilities

- Edit videos weekly for the Below The Surface YouTube and IGTV
- Create innovative and original content

Qualifications

- Previous experience of editing and adding graphic elements to a range of digital video content to an exemplary standard
- A complete genius in the use of Adobe Premiere, Adobe After Effects, and experiences in the use of industry standard plug-ins
- Have basic audio editing capabilities.
- A keen interest in motion graphics and an eye for the latest trends in typography and ident styles is also required
- A background working on reformatting for different channels and knowing the best uses of social content
- A great eye for detail when needing to work at a very fast pace to produce high volumes of assets
- An excellent eye for creating quality visuals. As well as being highly creative, a strong technical understanding of effective video workflows and file specifications will be required
- Superb communication skills both written and verbal
- The ability to manage your own time productively to ensure the completion of tasks and a sense of urgency to be able to deliver quality work under the pressure of deadlines, plus the ability to correctly judge priorities across several projects and varied levels of activity

This is an unpaid position.
